The New York Times story broke the news of the largest cheating scandal in Harvard University history in which nearly half the students taking a government course on the role of Congress had plagiarized or otherwise illegally collaborated on their final exam. Harvard says 125 students may have cheated on a final exam. Richard Pérez-Peña and bad teaching is a common explanation given for the disastrously inadequate public education received by America's most vulnerable populations. This is a myth. Aside from a few lemons who were notable for their rarity, the majority of teachers I worked with for nine years in New York City's public school system were dedicated talented professionals.
